REALIZE YOUR VISION

INTERIOR AND EXTERIOR WOOD SPECIES

Select from an expansive array of the finest grades of wood species to add warmth and beauty to your home's entranceway. Available on both the interior and exterior of your door.

Brick Mould and Interior Casings

A variety of exterior brick mould and interior casing profiles are available.

*Actual wood species is either Sapele or Sipo, both non-endangered species grown in Africa, with color and characteristics similar to Central American mahoganies. Naturally occurring variations in grain, color and texture of wood makes each window or door one of a kind. Printing limitations prevent exact replication of finishes. Please see your Andersen supplier for actual finish samples.

OPTIONAL EXTERIOR COLORS

Make a bold first impression with 50 commercial-grade, aluminum-clad exterior colors to give your door an enduring finish that never needs painting. Plus, enjoy look of rich wood on the interior.

Printing limitations prevent exact duplication of colors. Please see your Andersen supplier for actual color samples.

ADD A VISUAL ACCENT

Add a carefully considered detail to your home's overall look with Andersen® hardware* or have your door prepped for hardware manufactured by others.

HARDWARE OPTIONS

HARDWARE FINISHES

Distressed bronze and oil rubbed bronze are "living" finishes that will change with time and use. Bright brass and satin nickel finishes on patio door hardware feature a 10-year limited warranty. Printing limitations prevent exact finish replication. See your Andersen supplier for actual finish samples.

FSB® HARDWARE

Durable FSB hinged door hardware features clean lines and a sleek finish for a thoroughly modern look.

*Hardware sold separately.
 **FSB style 1102 is not available in black anodized aluminum.
