# 400 Series Frenchwood® Gliding Doors (1987 to Present)

*2-Panel, 4-Panel, and Stationary*

## Unit Sizes

### Standard and Custom Door Sizes

**Note:**

Frenchwood Gliding Doors are available in standard sizes (see standard size charts, [page 10](#)). Replacement parts for some standard doors can be ordered using the numbers listed in this catalog. Many replacement parts for standard doors are made to order. These items are ordered using the Product ID found on the identification label and a description of the part needed. See [Service Guide 9051877](#).

Frenchwood Gliding Doors are also available in custom sizes in 1/8" increments between the smallest and the largest standard sizes. Most replacement parts for custom-sized doors are made to order and can be ordered with the Product ID found on the identification label and a description of the part needed. See [Service Guide 9051877](#).

### 400 Series Product Label

**Note:**

Every Frenchwood Gliding Door will have an identification label **or** glass etching containing a unique Product ID. The Product ID on Frenchwood Gliding Doors will be located at the top of the door frame or etched into the glass. See [Service Guide 9051877](#). The Product ID may be up to 14 digits long (excluding hyphens), depending on the age of the unit. Replacement parts will also get their own unique Product ID. When ordering replacement parts, providing the Product ID ensures that replacement parts match the specifications.

## Unit Sizes

### Unit Size Chart - 6' 8" Height

**Note:**

Unit Dimension refers to overall outside-to-outside frame. Unobstructed Glass refers to visible glass dimensions. Numbers in parentheses are metric measurements. See [Measuring Visible Glass Video](#). See latest [Product Details](#).

### Frenchwood® Gliding Operating Panel - 4-Panel

Unit viewed from exterior.

## Panels - Operating

### Operating Panel Size Table

**Note:**

Operating Panel is measured outside edge to outside edge of frame.

Unobstructed Glass is dimension from outside edge to outside edge of visible glass only.

Actual Glass is dimension of outside edge to outside edge of glass, including glass that is not visible.

1" Finelight™ grille profile is standard, with color matching exterior color of panel. Maple and Oak finishes introduced in 1999.

Pre-finished white introduced in 2000.

### Operating Panels

**Note:**

See [Panel Replacement Video](#). Assembled operating panel includes [tandem rollers](#), [rail filler](#) and ships with [operating panel trim piece](#). When replacing gliding door panels it is recommended to also replace the [interlock weatherstrip](#). Operating panels for custom sized doors are made to order. Product ID label is located on top edge of operating panel. See iQ+ for additional glazing types available by description/configured.

To order, state:

1. Description of part (Operating Panel)
2. Handing (RH or LH)
3. Quantity
4. Product ID (from product label, see [Service Guide 9051877](#))
5. Options Desired (if different than original product)

# 400 Series Frenchwood® Gliding Doors (1987 to Present)

2-Panel, 4-Panel, and Stationary

## Panels - Operating

### Operating Panel / High Performance Tempered Blinds Between Glass w/Tube

2-Panel, 4-Panel, and Stationary

## Panels - Stationary

### Stationary Panel Size Table

**Note:**

Stationary Panel is measured outside edge to outside edge of frame.

Unobstructed *Glass* is dimension from outside edge to outside edge of visible glass only.

Actual Glass is dimension of outside edge to outside edge of glass, including glass that is not visible.

1" Finelight™ grille profile is standard, with color matching exterior color of panel. Maple and Oak finishes introduced in 1999. Pre-finished white introduced in 2000.

Unit No.	Stationary Panel (w x h)	Unobstructed Glass (w x h)	Actual Glass (w x h)

FWG4080	48 × 92 <sup>9</sup> / <sub>64</sub>	39 <sup>1</sup> / <sub>8</sub> × 79 <sup>1</sup> / <sub>8</sub>	40 <sup>1</sup> / <sub>4</sub> × 80 <sup>1</sup> / <sub>4</sub>

### Stationary Panels

**Note:**

Panels are handed as unit is handed. As an example, a right-handed unit uses a right-handed operating panel and a right-handed stationary panel.

See [Panel Replacement Video](#). Assembled stationary panel ships with [stationary side jamb trim piece](#).

Stationary panels for custom sized doors are made to order. When replacing gliding door panels it is recommended to also replace the [interlock weatherstrip](#). Product ID label is located on top edge of operating panel. See iQ+ for additional glazing types available by description/configured.

To order, state:

1. Description of part (Stationary Panel)
2. Handing (RH or LH)
3. Quantity
4. Product ID (from product label, see [Service Guide 9051877](#))
5. Options Desired (if different than original product)

## Panels - Stationary

### Stationary Panel / High Performance Tempered Blinds Between Glass w/Tube

**Note:**

Handed as unit is handed. See iQ images below for 2-Panel detail (68 height shown). WH/PN and WH/WH first offered in October of 2015.

# 400 Series Frenchwood® Gliding Doors (1987 to Present)

2-Panel, 4-Panel, and Stationary

## Frames

### Jamb

**Note:**

Side jambs are handed as unit is handed. As an example, a right-handed unit uses a right-handed operating side jamb and a right-handed stationary side jamb. Replacement side jambs are **not** available for units made prior to May 1, 2015. Full frame assembly must be replaced. Frame parts (head jambs, side jambs) for custom sized doors are made to order. Product ID label is located on top edge of operating panel. Maple and Oak finishes introduced in 2000.

To order, state:

1. Description of part (Head Jamb, Side Jamb)
2. Handing (RH or LH)
3. Quantity
4. Product ID (from product label, see [Service Guide 9051877](#))

## 400 Series Frenchwood® Gliding Doors (1987 to Present)

---

### Notes

---

## 400 Series Frenchwood® Gliding Doors (1987 to Present)

---

### Stormwatch® Protection (Coastal Product)

**Note:**

Andersen® products with Stormwatch protection are designed for use in coastal areas. They feature design pressure upgrades, glass options, and structural enhancements. Individual IR frames and side jambs are no longer available. Available parts in this section have moved to the Service Replacement section on [page 25](#).

Parts shared with standard doors are listed in the standard product pages of the section.

## Notes

---

# 400 Series Frenchwood® Gliding Doors (1987 to Present)

## Service Replacement

### Service Replacement Only Parts

#### Service Replacement Only Parts

**Note:**

This section is specifically designed for parts that should only be ordered if a Field Service Manager/Service Provider has requested them to be ordered or if the customer agrees to also pay for a non-warranty repair/replace service job (subject to availability) for these parts to be installed. We do not recommend anyone other than a trained AW employee or Service Provider install these parts due to the complexity of installation, modifications required for installation and/or requirement of special tools.

#### Exterior Grilles - High Definition (HDN)

**Note:**

Permanently applied grilles can only be ordered by Andersen Territory Service Representatives, Andersen Service Dealers and Providers.
