Unit Sizes

Custom Window Sizes

Note:

E-Series Double-Hung Sash Replacement Windows are available in custom sizes in 1/8" increments between the smallest and the largest sizes. Most replacement parts for custom-sized windows are made to order and can be ordered with the Product ID found on the identification label and a description of the part needed. See [Service Guide 9051877](#).

E Series Product Label

Note:

Every E-Series Double-Hung Sash Replacement Window will have an identification label **or** glass etching containing a unique Product ID. The Product ID on Double-Hung Replacement Windows will be located at the top of the window frame or etched into the glass. See [Service Guide 9051877](#). The Product ID may be up to 14 digits long (excluding hyphens), depending on the age of the unit. Replacement parts will also get their own unique Product ID. When ordering replacement parts, providing the Product ID ensures that replacement parts match the specifications.

E-Series DH Sash Replacement Kits (2007 to Present)

Types

Full Divided Light

Give any window an authentic look with full divided light grilles that are permanently applied to the interior and exterior of your window with a spacer between the glass.

Simulated Divided Light

An economical solution with traditional beauty, our Simulated Divided Light features fixed exterior and interior grilles without an internal spacer.

Removable Interior Wood Grilles

Our removable wood grilles are installed on the interior surface. They are available with an optional surround and an optional permanently applied exterior grille.

Finelight™ Grilles-Between-the-Glass

Aluminum grilles conveniently placed between two panes of glass make the glass easy to clean inside and out.

Profiles

Interior Wood: Ovolo (Colonial)
